Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will be predominantly Low across the UK on Saturday, although areas of Moderate pollution are likely across southeast England despite the chance of thundery showers here.

Tomorrow: Further areas of Moderate pollution are possible across southern England during Sunday, otherwise Low levels of air pollution are expected across the UK.

Outlook: Remaining unsettled, particularly across England and Wales, with spells of heavy rain and blustery showers. Levels of air pollution remain predominantly Low as a result, although areas of Moderate pollution may occur across southern England on Monday.
